Class Descriptions

Aqua Fit

A general water fitness class designed as a medium intensity total body workout, providing a balance of cardiovascular and muscular strength training. Easy to follow choreography with lots of options for intensity. Classes can be held in deep or shallow water.

Bars and Plates

Bars and Plates class is low in complexity, but high in results! It will sculpt your muscles, increase metabolism, and increase strength using specially designed bars and weight plates. There's no experience required to join the class, just your desire to build a stronger you.

Boot Camp

An intense, full body workout designed to build strength and improve overall fitness. This class challenges participants with variety, speed, drills, and cardio segments.

Cardio and Strength

A high-energy workout that combines aerobics choreography with strengthening exercises to improve muscle strength, endurance and functionality using a variety of equipment.

Core Conditioning

Abs, back, hips, glutes – this class is all about functional training. Condition your core to work for you with a series of muscle strengthening exercises focusing on your core.

Cycle Fit

Get your legs pumping with this indoor cycling class set to energetic music. An instructor will lead the class through an aerobic and anaerobic workout on stationary bikes, simulating hills and valleys and incorporating timed athletic drills.

Drums Alive

Drum Alive combines traditional aerobic movements with the powerful beat and rhythm. Feel and experience the pulsating rhythms, dynamic movements, and powerful percussions of this new high-energy dance and rhythm program.

Dance and Tone

This class is all about getting a sweat on and having fun while moving your body and using a variety of equipment

HIIT

High Intensity Interval Training –This High intensity workout provides both cardiovascular and strength challenges by alternating short periods of intense exercise with recovery periods Push yourself as hard as you can for a short interval, then move gently for the next interval. This method reaps maximum gain with maximum efficiency.

Pilates

Pilates will help develop strength, flexibility and muscular endurance through the use of stabilization, alignment and breathing techniques.

Step and Straight

Train your cardiovascular system performing rhythmic patterns stepping on and off a platform to music. This is supplemented by an overall resistance training workout to improve muscle strength, endurance and functionality using body weight.

Yoga Hatha

Move your body through a series of postures designed to increase flexibility, strength, balance and range of motion. Restorative breathing exercises & a final relaxation will promote stress reduction & mental clarity.

Yoga and Meditation

Move your body through a series of postures designed to increase flexibility, strength, balance and range of motion. Restorative breathing exercises & a final relaxation will promote stress reduction & mental clarity.

Yoga Power

All the Zen benefits of your traditional yoga class amped up to provide 100% workout benefit.

Zumba

A fusion of Latin and international music dance themes creating a dynamic and effective fitness workout. A one of a kind workout moving you in ways you never imagined!

Zumba Tone

Zumba Tone combines body-sculpting exercises and high-energy cardio work infused with Zumba moves to create a calorie-torching, strength-training fitness party.
