Class Descriptions

Aqua Fit

A general water fitness class designed as a medium intensity total body workout, providing a balance of cardiovascular and muscular strength training. Easy to follow choreography with lots of options for intensity. Classes can be held in deep or shallow water.

Aqua Zumba

A fun, low-impact cardio workout in the pool that combines Zumba dance moves with the resistance of water to tone your body and boost your energy.

Boot Camp

An intense, full body workout designed to build strength and improve overall fitness. This class challenges participants with variety, speed, drills, and cardio segments.

Core Conditioning Legs and Core Power

Legs, Abs, back, hips, glutes – this class is all about functional training. Condition your core to work for you with a series of muscle strengthening exercises focusing on your core.

Core Conditioning and Pelvic Floor

Discover the transformative power of pelvic floor conditioning. This exercise program is not just about building muscles; it's about building strength and resilience from within. The pelvic floor is one of the muscles that make up the core. Strong core muscles not only support your internal organs but also aid in mobility. This class will also teach you a wide variety of exercises to strengthen and tone your abdominal muscles while protecting your back and pelvic floor

Core Conditioning and Glutes

Core conditioning and glute exercises are essential for overall strength, stability, and injury prevention. Core muscles, which include the abdominals and muscles of the spine, provide stability for the body, while glute muscles play a crucial role in hip movement, posture, and balance. Strengthening both muscle groups allows for better movement, reduced pain, and improved athletic performance.

Cycle Fit

Get your legs pumping with this indoor cycling class set to energetic music. An instructor will lead the class through an aerobic and anaerobic workout on stationary bikes, simulating hills and valleys and incorporating timed athletic drills.

Super Drums

A high-energy cardio workout using drumming movements on exercise balls to strengthen your core, improve coordination, and burn calories—fun for all fitness levels!

HIIT

High Intensity Interval Training –This High intensity workout provides both cardiovascular and strength challenges by alternating short periods of intense exercise with recovery periods Push yourself as hard as you can for a short interval, then move gently for the next interval. This method reaps maximum gain with maximum efficiency.

Step up and Sweat!

Train your cardiovascular system performing rhythmic patterns stepping on and off a platform to music. This is supplemented by an overall resistance training workout to improve muscle strength, endurance and functionality using equipment and body weight

Fitness Dance Party

This class combines energizing cardio exercises with gentle stretching to improve flexibility, endurance, and overall well-being. It's a balanced workout that keeps you moving, relaxed, and motivated — perfect for all fitness levels!

Total Body Workout

Warm Up, Cardiovascular Conditioning, Resistance Training for the whole body topped off by flexibility training; this class covers it all.
